Itzel plays defense like she's been doing it longer than she has. Her 0.65-second glove-to-release at SS shows up at game speed, and her fielding percentage moved from .800 in Fall 2025 to .967 in Spring 2026 — reps between seasons, not luck. She handles 2B and SS in real time: 3.50 range factor at short, 3.13 at second. At the plate she's a discipline hitter who lives near a .400 OBP as a contact bat. Class of 2031, bilingual, with an interest in nursing.
